Knowledge of contemporary issues	SA	A	N	D	SD	NA

Does it appear that your co-op assignment was oriented to your overall education? (Explain)

Did you have sufficient opportunities to identify, formulate, and solve practical problems while at work? Please cite a specific example.

Please compare techniques, skills, or modern tools that are specific to your major, available to you at work with those on campus.

How did you exceed your employer's expectations? That is, did you improve a process, reduce a cost, or make a general improvement during your co-op assignment?

Would you recommend that other students co-op here? Why or why not?
